

ENVIRONMENTAL POLICY STATEMENT

McAllister Group is involved in drain and sewer planned maintenance, cleaning, CCTV pipeline surveys, liquid waste management, sewer mapping, sewer rehabilitation service including Cured in Place Pipelining (CIPP), patch repairs, lateral repairs and manhole rehabilitation using the no dig technologies. We have offices in Northern Ireland and the South East of England and we employ circa 100 employees.

As environmental contractors, we are committed to environment protection and the prevention of pollution, at least compliance with our compliance obligations and to continual improvement.

As an ISO14001:2015 certified organisation, we have an established environmental management system to deliver the above commitments, with the objective to:

1. Identify and understand our environmental risks and opportunities and environmental aspects and impacts.
2. Identify and understand our compliance obligations, including legal requirements and the needs and expectations of interested parties.
3. Identify potential emergency situations, and ensure that the risk is minimized, and that we are prepared to respond to them.
4. Ensuring all workers have an understanding of their environmental responsibilities.
5. procure energy and fuel efficient, low emission equipment and vehicles and maintain efficient premises, including for pollution prevention.
6. In purchasing consider a life-cycle approach in materials selection and construction techniques.
7. In planning ensure we achieve all our commitments and maximise the efficient use of resources through good design, specification, procurement, material handling, use of competent operatives and through effective waste reduction, reuse, recycling and recovery of wastes.
8. Reviewing the performance and effectiveness of the Environment Management System.
9. Delivery of continual improvement through improvement plans and control of non-conformity.

We communicate our policy and requirements to all persons working on our behalf and interested parties. This policy displayed on company premises, in offices of any fixed construction sites under our control, presented at induction and made available upon request.

We establish environmental objectives to achieve this commitment which are regularly monitored by the management team.

We review this policy as part of any change process, lessons learnt / knowledge transfer, post-incident and annually.

Signed on Behalf of McAllister Group,

Leo McAllister, Managing Director (GB)
